

Peer Review Workshop on EPA's Draft External Review Document "Perchlorate Environmental Contamination: Toxicological Review and Risk Characterization"

Workshop Discussion Leaders

Topic Area A:	Hazard Characterization and Mode of Action
Designated reviewers:	All reviewers (except William Adams and Teresa Fan)
Discussion leader:	Thomas Zoeller
Topic Area B:	Human Health Effects Data
Designated reviewers:	Nancy Carrasco, Tony Cox, David Hoel, Mehdi Razzaghi, Ron Wyzga, Thomas Zoeller
Discussion leaders:	David Hoel, with Nancy Carrasco for clinical endocrinology and Mehdi Razzaghi for observational epidemiology
Topic Area C:	Laboratory Animal Studies
Designated reviewers:	Michael Aschner, Michael Collins, Thomas Collins, Tony Cox, David Jacobson-Kram, Loren Koller, Merle Paule, Gary Williams, Ron Wyzga, Thomas Zoeller
Discussion leaders:	Michael Aschner, Neurotoxicity Michael Collins, Developmental Toxicity Thomas Collins, Reproductive Toxicity Tony Cox, Statistics David Jacobson-Kram, Genetic Toxicity Loren Koller, Immunotoxicity Gary Williams, Pathology Thomas Zoeller, Endocrine/neuroendocrine
Topic Area D:	Ecological Risk Assessment and Evidence for Indirect Exposure
Designated reviewers:	William Adams, Teresa Fan
Discussion leader:	William Adams
Topic Area E:	Use of PBPK Modeling
Designated reviewers:	Michael Kohn, Kannan Krishnan
Discussion leader:	Michael Kohn
Topic Area F:	Human Health Dose-Response Assessment
Designated reviewers:	All reviewers (except William Adams and Teresa Fan)
Discussion leader:	Thomas Collins
Topic Area G:	Risk Characterization
Designated reviewers:	Question G.1: All reviewers (except William Adams and Teresa Fan) Question G.2: William Adams and Teresa Fan
Discussion leader:	Ron Wyzga
Topic Area H:	General Comments, Conclusions, and Recommendations
Designated reviewers:	All reviewers
Discussion leader:	Ron Wyzga
